

Ściany z możliwością demontażu

Ściany bez możliwości demontażu

The floor plan shows a large rectangular building with a complex internal layout. A prominent feature is a large, dark blue rectangular area in the upper right corner, which appears to be a central atrium or a large room. To the left of this area, there are several smaller rooms and corridors. The building is surrounded by a dashed line, indicating the site boundary. The plan is oriented with the main entrance at the top center.
